

The Expert Witness Institute Events and Training.

So that we can provide a better service for our members, we would like your contributions and suggestions for new events and training seminars which we could run....

- **Where?** Areas you would like us to provide courses in? Do you have access to a potential venue? Please let us know.
- **When?** Do you prefer full day courses, or evening courses?
- **What?** We intend to revive popular courses and welcome your suggestions.
Would you take centre stage as a speaker or can you contribute to course content?
